## Professional Summary

Full Stack Developer with 3.6+ years of experience building scalable web applications using C#, .NET, Vue.js, and Microsoft Azure. Specialized in developing high-performance REST APIs and optimizing legacy systems, achieving measurable improvements such as reducing response times by ~500ms. Proven track record of delivering production-ready features under tight deadlines, with a strong focus on clean architecture and performance.

## Technical Skills

Languages: C#, JavaScript, TypeScript, SQL

Frameworks: .NET, ASP.NET Core, Entity Framework, Vue.js

Frontend: HTML5, CSS3, Tailwind CSS, PrimeVue

Backend: REST APIs, SOAP, GraphQL

Databases: SQL Server

Cloud & DevOps: Microsoft Azure, Azure Functions, Azure DevOps, CI/CD

Tools: Git, Postman, Visual Studio, VS Code

## Professional Experience

### Full Stack .NET Developer

**Accenture** | Hyderabad, India

Nov 2022 – Present

#### Client: altafiber

- Designed and developed 10+ REST API integrations between Vue.js frontend and .NET backend systems.
- Built and deployed Azure Function Apps for scalable backend processing and seamless UI integration.
- Reduced legacy application response time by ~500ms through performance debugging and code refactoring.
- Delivered 25+ feature implementations and estimations with consistent on-time delivery.
- Developed standalone modules for Order Cancellation and Broadband Label Management.
- Created SQL stored procedures and optimized queries for logging and reporting.
- Integrated CI/CD pipelines using Azure DevOps for automated deployments.

- Debugged and resolved critical production issues under tight deadlines, improving system stability.
- Designed a custom dynamic image carousel using Vue.js and Tailwind CSS to improve UI engagement.
- Improved frontend performance using caching and local storage optimization techniques.
- Authored upgrade documentation for Kentico 13 and Kentico Xperience, including low-code migration.
- Ensured cross-device UI compatibility through debugging and testing on iPhone and Android platforms.
- Explored AI-driven solutions using Microsoft Copilot for internal automation use cases.

#### **Awards & Recognition:**

- ACE Award – Growth Catalyst Category (2024)
- Outperformer Award (4x)
- ATCI AMS Spotlight Award

#### **Certifications**

- Microsoft Azure Security Technologies (AZ-500)
- Microsoft Azure AI Fundamentals (AI-900)
- Microsoft Azure Fundamentals (AZ-900)
- Microsoft Security, Compliance & Identity Fundamentals (SC-900)
- Microsoft Power Platform Fundamentals (PL-900)
- 2-Day Generative AI Mastermind by Outskill

#### **Education**

B.Tech in Electrical and Electronics Engineering  
Andhra University | 2022 | CGPA: 8.0
